55 Gallon

PRODUCT CATEGORY:

Dressings & Protectants

Exterior & Interior

COLOR:

Powder Blue

SCENT:

Fruity

PRODUCT DESCRIPTION:

XP Cool Blue™ is a premium, water-based thick dressing. This lotion will renew and add shine to tires, moldings, vinyl, rubber bumpers, and engines. It has the shine and durability of any solvent-based dressing, making it the perfect VOC compliant all-purpose dressing. It's also safe and effective as an interior dressing. Disperses water better than any current water or solvent-based dressing. XP Cool Blue™ is ready-to-use. No diluting necessary. It can be used on wet or dry surfaces! Powder blue in color with an awesome scent!

DILUTION RATIO:

RTU-Ready to Use- Max Shine

1:4 with water Satin shine

1:8 with water Low Shine

Tires, Exterior rubber, moldings

Tires, Exterior, moldings

Engines, Interior

DIRECTIONS:

XP Cool Blue™ can be sprayed directly onto the tires or engine and left to dry. This will result in a high gloss finish that will plate in approximately 5 minutes. For a semi-gloss finish, wipe evenly with an applicator pad. Apply the dressing to all other areas using an applicator pad or soft brush. Allow the product to plate. Remove any excess product with a clean damp towel.

SURFACE APPLICATIONS:

For use on all tires, moldings, vinyl, rubber bumpers, and engines.

ADDITIONAL USES:

Great for use on trucks, RVs, motorcycles, ATVs, and more.

HELPFUL TIPS:

Do not dilute product. Allow product to dry entirely before driving the vehicle.

SAFETY & HANDLING:

Safety Data Sheets can found online at automagic.com

Use proper safety PPE when using any chemicals.

PPE-personal protection equipment
