

Technical Data Sheet

PRODUCT NAME:

Hydro Shine®

PART #:

69

PACKAGE:

32 oz.

PRODUCT CATEGORY:

Waxes, Polymers, & Sealants

COLOR:

Milky Orange

SCENT:

Solvent

ABRASIVENESS:

0 out of 10 (10 is highest amount of abrasive)

PRODUCT DESCRIPTION:

A super-quick high gloss polymer for use on WET exterior surfaces. Provides a lasting shine to exterior paint, plastic and chrome, glass. Also enhances rubber side molding and trim, without blushing or whitening. Nonabrasive. Easy to use; just apply to a wet surface, wipe on then wipe off. Use after every wash to maintain a showroom finish!

DIRECTIONS:

Shake product well. Use on a wet vehicle, just after a proper wash. Lightly mist a small amount of product onto the wet surface. Wipe product into the painted surface. Allow polymer to slightly haze, then buff to a high gloss with a second clean, DRY towel. You can buff product on vehicle with a DA Polisher and finishing pad. Can remove with clean finishing pad and DA.

NOTE: The haze will be slight, as this product is a polymer, not a traditional carnauba wax. To avoid streaking, do not let product dry on surface. Do not use in direct sunlight. Use only a small amount of product.

SURFACE APPLICATIONS:

For express high gloss and added surface protection of clear coat, single stage, acrylic, lacquers, enamels, as well as powder-coated paints. Also great for exterior chrome, plastic and rubber, glass.

ADDITIONAL USES:

Excellent on RVs, boats, motorcycles, bikes, and other painted surfaces.

HELPFUL TIPS:

It is best to remove all surface contamination with the use of Clay Magic® detailing clay prior to application to ensure the highest performance of #69. This will also ensure easier application and removal. Do not apply polymer in thick layers. Best used on cool, wet vehicles out of the sunlight.

SAFETY & HANDLING:

Safety Data Sheets can found online at automagic.com

Use proper personal protection equipment when using chemicals
