

MALCO[®] NANO CARE[®] POLISHING CRÈME (1283)

DESCRIPTION

Nano Care[®] Polishing Crème uses nano technology to produce deep gloss and a glass-like finish on aged, oxidized or environmentally-damaged vehicle surfaces. This easy-on/easy-off, one-step polish is specifically formulated for dark colored vehicles.

DIRECTIONS

For hand application: Apply Nano Care Polishing Crème with a soft cotton hand towel, a square applicator pad, or a round wax applicator pad. Let treated area dry to a light haze and polish clean with a Malco microfiber cloth. For machine application: Work a 2' square area at a time. Apply a 1" (25mm) dab of Nano Care Polishing Crème to the vehicle surface. Polish with a rotary or orbital polisher and one of the following Malco buffing pads: Green Foam Polish Pad or Blue Foam Soft Polish Pad. For best results, buff at a speed of 1000 - 1400 rpm.

FEATURES AND BENEFITS

Easy on/easy off, one-step polish	Use with a buffer or apply by hand
Designed for aged, oxidized or environmentally damaged surfaces	Perfect for auto auctions and used car dealerships
Produces deep gloss and glass-like finish	Specifically formulated for dark vehicles
