WARNING: CORROSIVE. KEEP OUT OF THE REACH OF CHILDREN.
FOLLOW PRECAUTIONS ON BACK LABEL.

SECONDARY LABEL • NOT FOR RESALE

Malco Products / Barberton, OH 44203 © 2011 / Label#821229

Complete Non-Acid Wheel And Tire Cleaner takes the danger out of wheel cleaning. The unique blend of cleaners dissolves and loosens burnt-on brake pad dust, grease, oil and dirt. Complete Non-Acid Wheel And Tire Cleaner restores the clean look of tires and white lettering in addition to leaving wheels bright and shiny.

DIRECTIONS: Fill a trigger bottle with solution and spray the product directly onto wheels and tires. DO NOT USE ON HOT RIMS. Let solution work for five minutes and rinse away brake dust and dirt. If the wheel is extremely dirty, some light agitation with a wheel or tire brush may be necessary to loosen soils. Treat one wheel at a time. DO NOT LET PRODUCT DRY ON TIRES. Be advised that Malco will not accept responsibility for damaged wheels and tires resulting from either intentional or accidental misuse of this product.

COMPLETE WHEEL AND TIRE CLEANER

WARNING: Corrosive. Harmful if swallowed. Irritating to eyes, skin and respiratory system.

PRECAUTIONS: Keep out of the reach of children. Use in well ventilated area. Avoid contact with eyes, skin and respiratory system. Wear safety glasses and gloves.

FIRST AID: If swallowed, do not induce vomiting. Drink 2 glasses of water. Get medical attention immediately. If inhaled, move to fresh air. If breathing remains difficult, seek medical attention. If on skin, wash with soap and water. If irritation persists, seek medical attention. If in eyes, flush eyes with large amount of water for 15 minutes. If irritation persists, seek medical attention. SEE MATERIAL SAFETY DATA SHEET.

AVERTISSEMENT: Corrosif. Nocif si avalé. Peut causer l'irritation aux yeux, à la peau ou au système respiratoire.

PRÉCAUTIONS: Gardez hors de la portée des enfants. Utilisez dans des zones bien ventilées. Évitez le contact avec les yeux, la peau et système respiratoire. Portez des lunettes de protection et des gants.

PREMIERS SOINS: Si avalé, n'induisez pas le vomissement. Faire boire 2 verres d'eau. Obtenez attention médicale immédiatement. Si inhalé, déplacez à l'air frais. Si la respiration est difficile, obtenez attention médicale. Si sur la peau, lavez avec du savon et l'eau. Si l'irritation persiste, obtenez attention médicale. Si dans les yeux, rincez avec de grandes quantités de l'eau pour 15 minutes. Si l'irritation persiste, obtenez attention médicale. CONSULTEZ LA FICHE SIGNEATIQUE.
